

## Drayage Truck Owner/Lessee Third Party Delegation Form

The Drayage Truck Regulation (title 13, California Code of Regulations, section 2027) requires all registered owners or lessees, as defined in the regulation, of drayage trucks, which transport cargo to and from California ports and intermodal rail yard facilities, to register in the Drayage Truck Registry (DTR) by September 30, 2009. Registered owners or lessees of drayage trucks may delegate the DTR registration responsibility to a third party by completing and submitting this form to the California Air Resources Board (ARB).

By signing this form, the drayage truck owner or lessee delegates the authority to register and update information in the DTR, as needed, to the third party delegatee on behalf of the owner or lessee.
